Re: Resubmission of Application for a Certificate of Incentive

Please refer to the above subject.

We have applied for a Certificate of Incentives. Unfortunately, our application was deferred because we need to increase our capital investment and submit bank statement demonstrating our financial capability to invest. In that respect, we have revised our business plan and have attached the bank statement with the Tanzanian banks showing our financial position.

We hope that with this resubmission, our application will be considered favorably at the earliest.

Yours faithfully,
Chandaria Industries (T) Limited

Rajesh Shah
