Dear Sir,

Re : APPLICATION LETTER FOR TIC CERTIFICATE

Please refer to the above heading .

K&F Wild Expedition Limited is a tourism company specializing in tourist hunting & camping experiences. Our operations are based in the Kilwa Open Area Nakiu Hunting Block, Lindi Region ,known for its diverse wildlife and scenic landscapes.

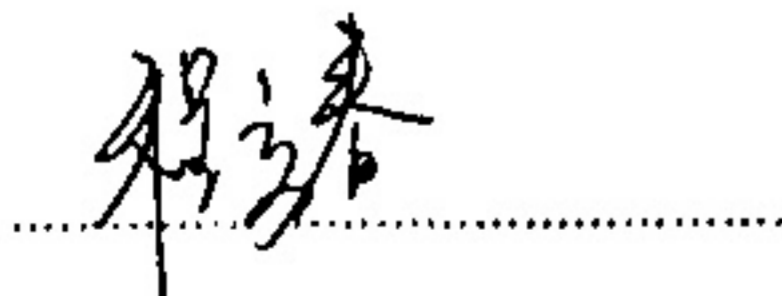

The total planned investment is about 1.1 million USD . the company is mixed ownership with Chinese and Tanzanian shareholders .

Meanwhile the project will create job opportunities for locals, boosting the local economy. Additionally, the purchase of supplies and services from local vendors will further contribute to economic growth.

We are committed to sustainable tourism practices. We will implement measures to minimize our environmental footprint, such as using eco-friendly materials, waste management programs, and supporting wildlife conservation efforts.

Hereby we would like to write this letter to apply for a TIC certificate and therefore to enjoy the incentives provided to investors.

Your approval will be highly appreciated!

LICHUN CHENG

Director
