DAR ES SALAAM, TANZANIA**

Dear Sir/Madam

RE: PROJECT IMPLIMENTATION

Refer to the caption above,

As we stated in our progress report, the project hasn't fully been executed yet due to the changes in shareholders and we are waiting for the arrival of the new shareholder so that we can finalize the arrangement to fully execute the project. For now, we have just imported trucks of the company that will be used in our project and other site constructions but at a small scale, we have attached the pictures thereof. It's our hope that our request and amendment application will be acted upon accordingly and the certificate of incentive reissued so that we can finish up this process of work permit application and the residential permit of MUJAHID AHMED issued for him to be able to come to the country to finalize the set arrangements for the project to take off.

Yours cordially

**MOHAMMED ABDULRAHIM
MANAGING DIRECTOR**
