DAR ES SALAAM.

Dear Sir/Madam,

REF: APPLICATION FOR TIC CERTIFICATE OF INCENTIVE

Please refer to the heading above.

Angrobelg Farm Company Limited is a private limited company that was officially incorporated on 21st October 2020 in the Republic of Tanzania. Angrobelg Farm is a Leading Tanzania poultry company offering high-quality poultry and eggs. The company is owned by Tanzanian shareholders Arthur Obedi Mgongo as the majority (70-shares) shareholder and Rahabu Emmanuel Maneno as the minority shareholder (30-shares).

With the current capacity of the farm being at 40,000 layers, the project is expected to be expanded to reach 60,000. On that note, the company applies for certificate of incentives to access significant fiscal incentives like import duty exemptions on capital goods, so that it significantly reduces costs associated with setting up and operating the projects set in Bulale, Usagara and Ng'ombe in Misungwi. In that regard, the company will import some chicken cages and feed mill equipment in the quest for the expansion mentioned above.

The expansion project in Ng'ombe Misungwi is expected to start in March 2025 whereas finances will be secured for proper timetable. In that regard, the acquisition process of equipment from outside the Country is expected to commence as soon as the certificate of incentive is approved by your institution (TIC).
