The Executive Director
Tanzania Investment Centre
P. O. Box 938
DAR ES SALAAM Tanzania

Dear Sir/Madam,

**RE: REQUEST FOR INVESTMENT CERTIFICATES FOR MARINE
TRANSPORTATION SERVICES ON PASSENGER AND CARGO
HANDLING PROJECT IN TANZANIA**

I am writing on behalf of **NUR AL BAHR COMPANY LIMITED** to formally request investment certificates for our upcoming **Marine Transportation Services Project**, which focuses on **Passenger and Cargo Handling operations** within the territorial waters of the United Republic of Tanzania.

Our proposed initiative aims to enhance maritime connectivity and logistics efficiency by offering safe, reliable, and modern transportation services. This project will not only address the growing demand for marine transport solutions but also support the government's efforts in improving infrastructure, boosting trade, and promoting tourism and economic development along the coastal and inland waterways.

We believe this project aligns well with the national vision of transforming Tanzania into a regional logistics hub, and it will contribute meaningfully to employment creation, technology transfer, and the broader goal of sustainable development.

In view of the above, we kindly request the **Tanzania Investment Centre** to issue the necessary **investment certificates** to facilitate the implementation of this strategic project. Obtaining the certificate will enable us to mobilize key resources, comply with relevant regulatory frameworks, and engage collaboratively with both public and private stakeholders.

NUR AL BAHR COMPANY LIMITED is fully committed to upholding the highest standards of operational excellence, environmental responsibility, and corporate governance throughout the lifecycle of the project.

We appreciate your consideration and support, and we remain available to provide any additional documentation or clarification required in support of this request.

Thank you for your attention and cooperation.

Yours faithfully,

.....
SALIM DAHALANI
COMPANY DIRECTOR
