

## **KFS Progress Report**

**Date:** 11<sup>TH</sup> SEPTEMBER 2025

**To:** Director General, TISEZA

**From:** KIBAIGWA FLOUR SUPPLIES LIMITED

**Subject:** Brief Progress Update on KFS Project Implementation

We are pleased to submit this brief progress report highlighting key developments and ongoing activities under the KFS investment initiative.

### **Project Progress Overview**

Since the issuance of our Certificate of Incentive on **May 13, 2022**, KFS has made significant strides in implementing its agricultural development and value addition project. We are proud to report the following milestones:

-  **Operational Success:** Core operations have been successfully established and are running smoothly.
-  **Expansion Plans:** We are currently preparing to expand our milling facility to produce **multi-vitamin Toto flour**, aimed at improving child nutrition and food security.
-  **Distribution Enhancement:** Plans are underway to acquire **distribution trucks** to improve last-mile delivery and reach underserved markets efficiently.

### **Engagement with Smallholder Farmers**

KFS continues to work closely with smallholder farmers (SHFs) across key regions:

- **Regions Covered:** Dodoma, Njombe, Iringa, and Manyara
- **Farmer Support:** We provide ongoing agricultural training and service provision to enhance productivity and sustainability.
-  **Training Impact:** To date, **over 5,000 SHFs** have been trained through KFS programs, with measurable improvements in yield and farming practices.

## ✦ Conclusion

KFS remains committed to its mission of transforming agriculture through innovation, training, and inclusive growth. We respectfully request the extension of our Certificate of Incentive to ensure uninterrupted progress and full realization of our investment goals.

Supporting documents including the application form, project photos, BRELA official search, and detailed progress attachments have been submitted alongside this report.

Thank you for your continued support.

**Sincerely,**
