

Dear Valued Client,

We would like to introduce to you our new FNB Letter Generation functionality.

The physical stamp was replaced by an electronic stamp with a unique number which enables an electronic validation/authentication process of the letter by third parties. The electronic stamp deems the letter to be an original letter.

This is a 'First-to-Market' fraud prevention method offered by FNB.

To validate/authenticate the received letter, the 3rd party should follow the steps below;

1. Log onto the FNB website www.fnb.co.za or FNB App
2. Click on 'Contact Us + Tools'
3. Click on 'Verify Account Confirmation/Visa Application Letters'
4. Enter in the requested information which includes the unique number found on the electronic stamp
5. Click on 'Verify'

FNB Application

1. Launch the FNB App
2. Select the information icon
3. And then select 'Letter verification'

The letter handed to the third party must match the image of the letter which appears on the above channels exactly. Should there be any discrepancies, the letter should be deemed to be fraudulent and cannot be relied upon by the third party.

The letter will appear on the above website or FNB App for validation/authentication for a period of 3 (three) months from the date of issue, and can be validated multiple times during this period.

The validation/authentication process has been presented to third parties, including SARS, and they subscribe to the enhanced process, to combat fraud.

Yours truly,
FNB Team
