Subject: Application for Registration of Factory Expansion Project to Obtain Certificate of Incentives.

Dear Director General,

I am writing to formally apply for the registration of our factory expansion project under the Tanzania Investment Centre (TIC) in order to obtain a Certificate of Incentives.

Our project aims to expand our existing manufacturing facility to enhance production capacity, improve operational efficiency, and create additional employment opportunities. This expansion aligns with the government's strategic objectives of industrialization, economic growth, and increased local manufacturing capabilities.

We recognize that TIC plays a pivotal role in facilitating investment and providing critical incentives that contribute to the success of projects such as ours. By obtaining the Certificate of Incentives, we seek to leverage the reliefs and exemptions available, which will enhance the project's feasibility and efficiency.

We hereby submit our application along with all necessary supporting documents as per the TIC registration requirements. We kindly request your office to process our application at the earliest convenience and guide us through any further procedures required for compliance.

We appreciate the support and facilitation that TIC provides to investors and look forward to a favorable response. Should you require any further information or clarification, please do not hesitate to contact me at +255 788 725 753.

Thank you for your time and consideration.

Yours sincerely,
Zahir Saleh
