**RE; APPLICATION FOR CONSIDERATION TO REGISTER INVESTMENT PROJECT – KUSUDI CAMP ACCOMMODATION FACILITY IN SERENGETI NATIONAL PARK**

Dear Sir/Madam,

I am writing on behalf of SABABU SAFARIS LIMITED T/A KUSUDI CAMP to formally submit our application for the registration of our investment project titled “KUSUDI Camp” Accommodation Facility intended to be developed within Serengeti National Park.

This investment seeks to establish a sustainable, environmentally conscious accommodation facility that caters to tourists visiting one of Tanzania’s most iconic destinations. The KUSUDI Camp will offer unique and luxurious accommodation services while supporting conservation efforts, enhancing visitor satisfaction, and promoting local community engagement through employment and service provision.

We are confident that this project aligns with Tanzania’s investment priorities in the tourism sector, as well as the broader national development agenda. We believe that registration through TIC will enable us to access facilitation services, streamlined approvals, and other benefits critical to the successful implementation of this project.

Enclosed herewith are the necessary supporting documents, including the project brief, business plan, company registration details for your kind consideration.

We respectfully request that the Tanzania Investment Centre reviews our application and considers registering our project under its mandate. We are available at your convenience for any further clarifications or meetings that may be required.

We appreciate your attention and look forward to your favorable response.

Yours sincerely,

**ROBERT GERVAS TARIMO**  
DIRECTOR
