RE: APPLICATION FOR EXTENSION OF TIC CERTIFICATE OF INCENTIVES (CERTIFICATE NO. 20225777, ISSUED ON 24 TH MAY 2022)

Dear Sir/Madam,

We, Oilcom T Limited, are a Tanzanian registered company under Certificate of Incorporation No. 13800, dated 29th July, 1990 in the United Republic of Tanzania. Among many projects we decided to venture into an economic infrastructure project for the LPG facilities.

In 2022 we decided to register our project with TISEZA formerly TIC for the purpose of undertaking an LPG storage facility at Plot No. 312/4, Kurasini, Ilala District, Dar es Salaam Region.

Following the issuance of our TIC Certificate of Incentives (Certificate No. 20225777) on 24 May 2022, we have made significant progress in laying the groundwork for the project.

However, due to delays in securing key regulatory approvals including EWURA, Municipal approvals, NEMC and logistical challenges in sourcing specialized equipment and raw materials for the project establishment and extended timelines in mobilizing project resources including the contractors, the full implementation of the project has taken longer than anticipated.

In light of these genuine constraints-most of which were beyond our control-we respectfully request two years extension of the validity of the Certificate of Incentives to enable us to implement the project activities.

We remain committed to the successful implementation of this strategic investment, which is expected to create employment opportunities, contribute to industrial development, and support the national energy agenda by developing energy infrastructures for the country.

We kindly request your favourable consideration and prompt approval of our application for the extension.

Thank you for your continued support and cooperation.

Yours sincerely,
