Dar es salaam.

Re: APPLICATION OF CERTIFICATE OF INCENTIVE FOR EXPANSION OF THE PROJECT

Reference is made to the captioned above

Kilimanjaro International Leather Industries Company Limited (KLICL) was incorporated on the 30th May 2021 with the main objective of engaging in manufacturing of Leather and leather related products at Karanga area within Moshi Municipality.

The project was registered and issued with a Certificate of Incentive No. 017114 operative until 19th May 2023 following change of Company's name. However, the project is still ongoing with establishment of the tannery factory hence the instant application is on account of the following factors;

1. The Company executed contract No.PA.158/2019/2020/HQ/W/01-LOT2 for expansion of the Project by establishment of the Tannery factory (LOT II) which is under implementation.
2. In the meantime operation of the Tannery can hardly commence until full completion of the Effluent Treatment Plant (ETP) project which is under construction by Moshi Urban Water Supply Authority (MUWSA) designed for treatment of industrial waste for its re use and safe disposal to the environment.
3. Further, the Company shall also be required to procure additional machines, spare parts, accessories and chemicals from our suppliers of machines at Italy and other countries to facilitate installation, testing and commissioning of the machines for the Tannery factory.

In view thereof, we humbly request a certificate of incentive for expansion of the project with regards to establishment of Tannery and Effluent Treatment Plant as above stated, for a period of 24 months to complete the project and re issue of the certificate portraying the expansion.

We sincerely appreciate your convivial cooperation.

Eng. Saiba Edward

Ag. MANAGING DIRECTOR
