RE: APPLICATION FOR INVESTMENT INCENTIVES FOR SELTECH LIMITED

Dear Sir,

On behalf of **Seltech Limited**, I am pleased to submit this application to the Tanzania Investment Center (TIC) for consideration under the investment incentives framework, following the Tanzania Investment Act.

Seltech Limited is a Tanzanian-registered company (Incorporation No. 77379), established in 2010 and currently engaged in logistics, transport, and innovation solutions across East and Southern Africa—our business operations span Tanzania, Zambia, Botswana, and Norway. As part of our strategic growth plan, we are undertaking a major expansion of our transportation fleet and logistics infrastructure to support regional trade, especially for key transit corridors such as Dar es Salaam–Tunduma–Kasumbalesa.

We are applying for incentives to support our investment in expanding our fleet from the current 4 trailer trucks to 20 by the end of 2025. This project will involve the importation of heavy-duty trucks, the construction of a modern logistics yard, and the implementation of digital fleet management systems. The investment is projected to contribute significantly to employment, tax revenue, and efficiency in cross-border logistics, directly supporting Tanzania's ambition of becoming a transport and logistics hub for the region.

We believe this investment meets the qualifications for incentives under TIC, particularly in the transport and logistics sector, and aligns with national development priorities. We hereby submit the following documents in support of our application:

1. Company Profile and Certificate of Incorporation
2. Detailed 5-Year Business Plan
3. Financial Projections and Investment Budget
4. Description of Imported Equipment and Fleet Expansion Plan
5. Board Resolution Approving the Application

Thank you for your consideration, and we look forward to your favourable response.

Yours faithfully,
