The Executive Director  
Tanzania Investment Centre (TIC)  
P.O. Box 938  
Dar es Salaam, Tanzania

Dear Sir/Madam,

**REF: Investment Registration of an Agricultural Project in Nambendo Village, Songea District, Ruvuma Region**

I am writing to formally apply for the investment registration of our agricultural project under the Tanzania Investment Centre (TIC). The project is planned to be established in Nambendo Village, Songea District, Ruvuma Region, on the land owned by the family of Dr. Habib Kambanga. The land, which covers an area of two thousand (2,000) acres, was lawfully obtained through a long-term lease (purchased). The mentioned investment project will be managed by the family company known as Smart Mind Company Limited. It is the local company owned by Tanzanians.

The mentioned project aims to engage in the production of various food and cash crops, as well as animal and poultry products, to contribute to food security, employment creation, and economic growth in the region. The registration of this investment with TIC will facilitate its implementation by ensuring compliance with relevant regulations and benefiting from available investment incentives.

I kindly request your guidance on the necessary procedures and requirements to complete the registration process. Enclosed with this letter are copies of relevant land ownership documents and other required information to support this application. I appreciate your time and consideration and look forward to your positive response. Should you require any additional information, please do not hesitate to contact me at your earliest convenience.

Yours sincerely,

Habib G. Kambanga
