Subject: Request for Amendment to Certificate of Incentives – Project Title and Scope

Dear Sir/Madam,

Re: Amendment of Project Title and Scope for Certificate of Incentives No. 202411584

We refer to your letter dated 19th March 2025 (Ref: CCA.188/234/01A/50) and hereby formally request amendments to our Certificate of Incentives as follows:

1. Project Title Change:

From: **“ICT - Blockchain-Based Platform (TanzanLedger)”**

To: **“ICT - Web 3.0 Based Platforms”**

2. Revised Scope and Activities:

The project will now encompass designing and implementing **Web 3.0-based platforms** integrating decentralized technologies, including blockchain, artificial intelligence (AI), smart contracts, Metaverse (VR/AR), and related innovations. This expansion aligns with global advancements in digital transformation and ensures broader applicability across Tanzania's governance and public service sectors.

“To design and implement Web 3.0-based platforms that integrate decentralized technologies, including blockchain, Artificial Intelligence (AI), smart contracts, and Metaverse (VR/A), and related innovations.”

In compliance with TIC's guidelines, we have:

- Prepared the amended **Business Plan** reflecting the new title and scope.
- Attached the **Project Progress Report** to date.
- Included a current **Brela Official Search** and a scanned copy of the existing **TIC Certificate of Incentives**.

We acknowledge the requirement to pay the USD 1,000 application fee and confirm that the online amendment process will be completed promptly upon your guidance.

Kindly approve the requested changes to facilitate the continued implementation of our investment project. For further clarification, please contact the undersigned via email or mobile.

Thank you for your support.

Yours faithfully,

05/02/2025

Azizi Omary Chamani
Director, Top Notch Company Limited

Cc: Zamlath Ayoub Mustafa (Shareholder)
