RE: APPLICATION FOR CERTIFICATE OF INCENTIVES FOR THE E-MOBILITY AND RENEWABLE ENERGY INVESTMENT PROJECT

I have the honour to submit this application for the issuance of a **Certificate of Incentives** under the Tanzania Investment and Special Economic Zones Authority (TISEZA), in respect of our proposed investment project titled **"E-Mobility and Renewable Energy Project."**

The proposed project focuses on the **importation, assembling, manufacturing and trading of electric mobility and renewable energy solutions**, including but not limited to electric motorcycles, scooters, e-bikes, electric tuk-tuks, electric cars, lithium-ion batteries, charging infrastructures and stations, solar panels and equipment, solar inverters, electric cooking stoves, and other renewable energy appliances. The project is aligned with the Government of the United Republic of Tanzania's agenda on industrialization, clean energy transition, environmental protection, and sustainable transport development.

The investment will contribute significantly to:

- Promotion of environmentally friendly and low-carbon transportation solutions;
- Development of local assembly and manufacturing capacity;
- Creation of employment opportunities for Tanzanians;
- Technology transfer and skills development;
- Expansion of renewable energy access and supporting infrastructure;
- Reduction of fossil fuel dependency and greenhouse gas emissions.

Proposed Investment Capital Structure

The total estimated investment cost for the project is **USD 680,700.00**, broken down as follows:

- Land / Building: USD 300,000.00
- Plant: USD 10,700.00
- Vehicles: USD 20,000.00
- Furniture & Fittings: USD 50,000.00
- Pre-operational Expenses: USD 100,000.00
- Other Costs: USD 100,000.00
- Working Capital: USD 100,000.00

Total Investment Cost: USD 680,700.00
