

17th August 2025

Director General

Tanzania Investment and Special Economic Zone Authority (TISEZA)
P.O. Box 938
Dar es Salaam

Dear Sir/Madam,

**APPLICATION FOR REGISTRATION WITH THE TANZANIA INVESTMENT AND SPECIAL
ECONOMIC ZONE AUTHORITY**

I am writing on behalf of M/S Songwe Helium Limited, P.O. Box 23197, Dar es Salaam, Tanzania, a joint venture company between the Government of the United Republic of Tanzania and Helium One Global Limited (Helium One (Njozi) Tanzania Limited and Helium One (Gogota) Tanzania Limited). The company is hereby applying for registration with the Tanzania Investment Center (TIC) to obtain a Certificate of Incentive under the Tanzania Investment Act.

M/S Songwe Helium Limited was established with the objective of **processing, refining, and transporting** helium and associated gases in Tanzania. The company holds Mining License No. ML 0795/2025, granted on 4th July 2025 under Section 59(2) of the Mining Act, Cap. 123. **The project area** covers an area of approximately 480.1853 square kilometers, located within Momba and Sumbawanga Urban Districts, in the Songwe and Rukwa Regions.

This license grants M/S Songwe Helium Limited the exclusive right to engage in the **processing, refining, and transportation** of helium, hydrogen, nitrogen, argon, and other associated gases and minerals within the licensed area.

It is also the strategic plan that M/S Songwe Helium Limited will merge with Helium One Global Limited (Helium One (Njozi) Tanzania Limited and Helium One (Gogota) Tanzania Limited), making Songwe Helium Limited the principal company overseeing operations, coordination, and commercial development of helium projects in Tanzania. This planned merger aims to consolidate expertise, enhance operational efficiency, and ensure maximum value addition for Tanzania's natural gas resources.

We recognize and appreciate the pivotal role of the Tanzania Investment and Special Economic Zone Authority (TISEZA) in promoting investments that contribute to Tanzania's industrial and socio-economic transformation. Through TIC registration, M/S Songwe Helium Limited seeks to:

1. Access investment incentives and benefits available to certified investors.
2. Strengthen the company's credibility and investment profile, both locally and internationally.

Songwe Helium Limited

TIN: 186-250-796 | **E-mail:** info@songwe-helium.com

Registered Office: Kilwa House, 369 Toure Drive, PO Box 23197, Oyster Bay, Dar es Salaam, Tanzania

Directors: Lorna Blaisse, Christopher Eyre, Michael Williams, Morris Frank Hiji & Jack Mugendi Zoka

3. Facilitate partnerships and collaborations that will enhance project implementation and long-term sustainability.
4. Align fully with Tanzania's national development policies and investment priorities.

M/S Songwe Helium Limited is fully committed to complying with all relevant Tanzanian laws and regulations, including the Mining Act, Environmental Management Act, Local Content Regulations, and Corporate Social Responsibility frameworks. The company firmly believes that this project will contribute significantly to Tanzania's industrial growth, foreign exchange generation, and employment creation.

We respectfully request your favorable consideration of this application. We remain at your disposal for any additional information or clarification you may require.

Yours faithfully,

A handwritten signature in black ink that reads 'Chris Eyre' in a cursive script.

Christopher Mark Eyre
