

BEST PURE GOLD LIMITED

P.O. Box 755
Geita, Tanzania

Date: 02nd June, 2025

Ref No: **GPL/2025/TIC-0001.**

The Executive Director,
Tanzania Investment Centre (TIC),
P. O. Box 938,
Dar Es Salaam-Tanzania.

Dear Sir/Madam,

**SUBJECT: APPLICATION FOR REGISTRATION OF GOLD EXTRACTION AND
REFINING INVESTMENT PROJECT LOCATED IN MPOMVU GEITA**

Please make the reference from above heading.

I am writing on behalf of **BEST PURE GOLD LIMITED**, a company established to undertake gold mining, extraction, and refining operations in the United Republic of Tanzania. We hereby submit our application for registration of our investment with the TIC and respectfully request your support and facilitation in this process.

Our company has already invested more than USD 600,000 in the acquisition of essential machinery, infrastructure development, and technical preparations. Our project is planned for progressive expansion, with a total projected investment of over USD 1,000,000 in the next five years. The investment is aimed at establishing a comprehensive and modern gold extraction and refining facility with an annual production target of 36 kilograms of refined gold.

This investment focuses on the deployment of advanced machinery and technologies designed to ensure the efficient and environmentally responsible extraction of gold ore and its subsequent processing into high-purity gold. Our machinery includes excavators, bulldozers, trucks, cars, roller compactors, crushers, milling equipment, and specialized mineral recovery systems such as gravity separation and flotation units. In addition, we are planning to construct a gold refinery plant equipped with modern smelting and purification units capable of producing internationally competitive gold products.

Supporting infrastructure includes power generation systems, water treatment facilities, secure storage, and safety and environmental management equipment to meet all national and international compliance standards. We are also investing in

human capital through recruitment and training of Tanzanian professionals and technicians to ensure long-term operational sustainability and capacity building within the local workforce.

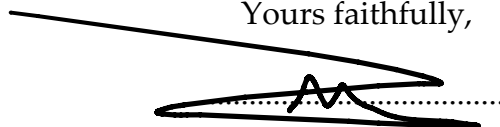

This investment is not only a financial commitment but also a contribution to the national economy. We anticipate the creation of both direct and indirect employment, stimulation of local supply chains, and generation of government revenues through taxes and royalties. Our operations will adhere strictly to the Mining Act, environmental protection guidelines, and all regulations issued by relevant government institutions.

BEST PURE GOLD LIMITED is committed to responsible business conduct, transparency, and long-term collaboration with local communities, government institutions, and other stakeholders. We are confident that this project will significantly enhance Tanzania's mining industry and support national goals for economic development, value addition, and industrialization.

It is our hope that you will go through our application and consider our request positively.

Thank you very much for your consideration.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Sameer Faeq Habeeb Al-Rawi', is written over a horizontal dotted line. The signature is stylized with a long, sweeping underline that extends to the left and then curves back under the main text.
