JANDU PLUMBERS LIMITED is an innovative company committed to delivering excellence in all areas of our business.

ABOUT US

We pride ourselves on the knowledge, skills and expertise of our employees who work together as a team delivering successful projects. Valuing the importance of relationships, we have a collaborative approach that is flexible and can respond quickly to the needs of our clients.

JANDU PLUMBERS LIMITED operates under the brand name of “**JANDU**” and has a long history in Tanzania since 18th February, 1965. The company is fully private owned and all the shareholders and directors belong to the same JANDU family. With over 40 years of tradition in the field of construction, ‘Jandu’ is a name that is inextricably woven into the fabric of Tanzania. We started as a small company with main focus on plumbing and slowly rolled into building construction, mechanical fabrications and civil engineering works. Making a small but steady beginning, Jandu Plumbers Limited completely immersed into civil construction projects. We are presently registered as CLASS – I in Building, Civil & Mechanical works under local contractors’ category, with the Contractors Registration Board of Tanzania

BUILDING DIVISION

JANDU, as building Contractors and developers, we are well equipped to undertake the most technical constructions and to direct and manage the works from design and construct package, we can manage the process and deliver you the finished product. We undertake the majority of our works in the \$1,000,000 to \$ 30,000,000 range.

WATER AND ENVIRONMENT

JANDU has extensive experience in civil construction, especially water supply and treatment plants employing professional project managers, engineers, surveyors, foremen and highly skilled plant operators. **JANDU** owns and operates a large civil plant and equipment fleet allowing the team to manage all aspects of project delivery.

FOUNDRY AND WORKSHOP

JANDU, from the art of ancient casting, is focused on providing access to manufacturing and steel structure fabrication service to Tanzania. **JANDU** is enabling innovation with orthodox skills and modern thinking. We have continuous commitment to guaranteeing a secure environment in which our customers’ can realize their ideas.
