KAHAMA – TANZANIA

**REF: REQUEST FOR LAND EXTENSION FOR STEEL PRODUCTS
MANUFACTURING ACTIVITIS**

Dear Sir;

Refer to the heading above, we are requesting additional land for extending our industrial construction and manufacturing of activities.

In our first phase of activity, we requested for 6 Acre of land to be able to build our warehouses and machine facilities; however, architecture drawings design shows the requested land is not sufficient to contain all these buildings.

In the second phase of the project, the estimation shows, twenty (20) Acres will be enough to carry out all construction activities as per Engineering drawing and architectural design.

It is for this purpose we are writing this letter to request from your office the extension of fourteen (14) additional Acres in order to accomplish fully our mission

Thank you for your consideration of our request. I look forward to speaking with you.

Best regards,

Dieudonné NDEREYIMANA

Project Manager.
