Subject: Expression of Interest for Allocation of Land in Bagamoyo – Integrated Poultry Farming and Processing Project

Dear Sir

West Aves Tanzania Limited hereby submits its formal expression of interest for allocation of land in Bagamoyo for the establishment of an integrated poultry farming and poultry processing investment project.

The Company seeks allocation of approximately **150 (one hundred and fifty) hectares** of land to develop modern poultry production units, slaughter and processing facilities, cold storage infrastructure, internal road networks, utilities, and ancillary support facilities. Bagamoyo has been identified as a strategic location due to its accessibility, land availability, and suitability for agro-industrial development.

The project will be implemented in phases and in full compliance with applicable land use planning, environmental regulations, and investment conditions as prescribed by TISEZA and other relevant authorities. International standards in biosecurity, food safety, animal welfare, and environmental sustainability will be strictly observed.

West Aves Tanzania Limited is committed to working closely with TISEZA throughout the land allocation process and to fulfilling all conditions associated with the grant or lease of land for investment purposes.

We respectfully request guidance on the next procedural steps and required documentation.

Yours faithfully,

Name: Adilson Mognol
