Dear Sir/Madam,

RE: APPLICATION FOR EXTENSION OF CERTIFICATE

We respectfully write to formally apply for the extension/renewal of our certificate, which expired in March 2025.

The delay in completing the renewal process resulted from unavoidable circumstances related to the project initiated last year. These challenges included economic instability, increased costs of required items, and funding constraints from various stakeholders. Consequently, the project could not be finalized within the expected timeframe, which affected the timely renewal of the certificate.

In view of the above, we kindly request your consideration for an extension to allow us sufficient time to complete the remaining project requirements and ensure full compliance with all applicable regulations, standards, and guidelines as prescribed by the Tanzania Investment Centre (TIC). The online application form has been completed and submitted accordingly.

We remain committed to fulfilling all conditions stipulated by your office and are prepared to submit any additional documentation or information that may be required.

We highly appreciate your continued support and understanding, and look forward to your favourable consideration.

Yours faithfully,

JITESH GOR
