**RE: APPLICATION FOR AMENDMENT OF TISEZA CERTIFICATE NO.  
2024122410**

Dear Sir/Madam,

We, Agro Multi Solutions Ltd, hereby respectfully submit our application for amendment of our TIC / TISEZA Certificate No. **2024122410**].

Following the recent surveying of our project site located at Talawa Da Village Chalinze, there have been updates to the land details associated with our investment. Specifically, the changes involve the formal insertion of Plot Numbers 1, 2, and 3 into our TIC / TISEZA Certificate to accurately reflect the surveyed and officially recognized project land.

We wish to confirm that these amendments have been duly reviewed and approved by the Board of Directors of Agro Multi Solutions Ltd, in line with our internal governance procedures and compliance requirements.

The purpose of this amendment is to ensure that our TIC / TISEZA Certificate aligns with the current legal and physical status of the project land, thereby facilitating smooth implementation, regulatory compliance, and future project development activities.

We kindly request your office to process this amendment at your earliest convenience. Attached herewith are all relevant supporting documents for your review and necessary action.

Agro Multi Solutions Ltd remains committed to complying with all investment regulations and contributing positively to the economic development of the United Republic of Tanzania.

We appreciate your continued support and cooperation.

Yours faithfully,
