**RE: APPLICATION FOR CHANGE OF PROJECT LOCATION – CERTIFICATE OF  
INCENTIVE NO. 2025103108**

Dear Sir

We **STRIXGOLD INTERNATIONAL LIMITED**, a company duly registered and operating within the United Republic of Tanzania, in respect of our investment project for **mineral (gold) processing**, which was duly registered with your esteemed Authority under **Certificate of Incentive No. 2025103108**.

At the time of registration, the project location was indicated as **Dealer Gold Market, Chunya Township, Mbugani Area**. However, we hereby formally request approval for the **change of project location** from the aforementioned address to a more specifically identified site, namely: **Plot No. 25, Block D, Mbugani Area, Chunya Township**.

We wish to clarify that the proposed new location remains within the same geographical ambit of **Mbugani Area**, and therefore does not alter the substantive jurisdiction or strategic positioning of the project. The purpose of this request is to ensure that the Certificate of Incentive accurately reflects the **specific plot upon which the processing plant is to be established**, thereby enhancing regulatory clarity and project implementation certainty.

Since the registration of the project in October 2025, the Company has been actively engaged in efforts to secure suitable land for the establishment of the processing facility. These efforts have

involved extensive negotiations and procedural follow-ups, which unfortunately resulted in delays, and consequently, **no physical development has commenced to date.**

We are pleased to inform your office that the Company has now successfully identified and secured the above-mentioned plot, which is suitable for immediate development. Approval of this request will enable the Company to **commence project implementation without further delay**, including the establishment of the gold processing plant in accordance with the approved investment framework.

In light of the foregoing, we respectfully request your good office to **approve the change of project location** and effect the necessary amendments to the Certificate of Incentive to reflect the new site.

We remain committed to full compliance with all applicable laws and regulations governing investment and industrial operations in Tanzania, and we appreciate your continued support in facilitating this strategic project.

Kindly find attached relevant supporting documents for your consideration.

Please accept the assurances of our highest consideration.

Yours faithfully,

---
